

KMH<sup>®</sup>

# TracVision<sup>®</sup> A7

The ultimate in-car entertainment

# Experience the ultimate

**Tired of watching DVDs or playing video games on your vehicle's video screens? TracVision A7 lets you hit the road with up to 185 channels of live DIRECTV sports, news, & movies, plus your local channels!\***

No other in-vehicle entertainment system can match the TracVision A7's rich offering of your favorite live, digital-quality DIRECTV® channels virtually wherever you drive!<sup>1</sup> Even local channels are available so you don't have to miss the big game, season finale, traffic report, or local news ever again.

## ■ Designed with your vehicle in mind

The sleek and stylish TracVision A7 travels wherever your vehicle goes and looks great along the way. The patented, automotive-grade housing comes in clear-coated high-gloss black or silver and is rugged enough to withstand wind, rain, snow, dirt, and even car washes, making it practical for virtually everything – from station wagons to SUVs, conversion vans to limousines!

## ■ Patented antenna technology

The ultra-low-profile TracVision A7 achieves its superior performance by using KVH's patented hybrid phased-array antenna technology. Within the rugged housing lies a flat panel antenna capable of tracking DIRECTV's satellites 22,500 miles above the equator, even while you're cruising down the highway. Ultra-quiet, GPS-enhanced, and equipped with advanced tracking software, TracVision A7 assures you of rapid satellite acquisition, a crystal-clear picture, and the outstanding reliability KVH is known for worldwide.

## ■ Award-winning design

KVH TracVision has been recognized by Automotive News, General Motors, and the Consumer Electronics Association for design excellence.

\*TracVision A7 provides full in-motion reception of satellite TV signals on open roads with a clear view of the TV satellites in the southern sky throughout the continental U.S. TracVision A7 is intended to provide programming **only** on screens that are not visible to the driver of the vehicle. Access to local channels is subject to local availability and satellite accessibility. Local channels are disabled when traveling outside your home Designated Market Area (DMA). Visit [kvh.com/a7](http://kvh.com/a7) for details.

# in-car entertainment

## ■ Exclusive 12V mobile receiver technology

KVH's compact, 12V receiver offers groundbreaking features, including:

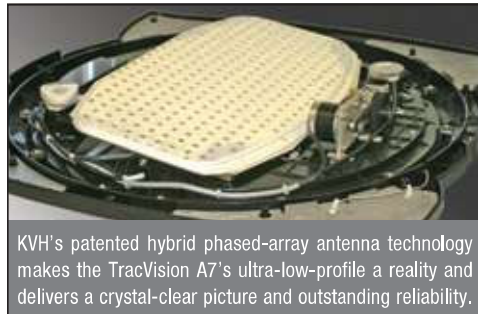

- An exclusive built-in GPS that enables reception of local network channels whenever you're within your home Designated Market Area (DMA)!
- Integrated onscreen system setup/control/diagnostics for simple operation using the remote control.
- Multi-satellite capability automatically switches the antenna between multiple DIRECTV satellites, to enable you to receive the broadest selection of DIRECTV programming available.
- Fast-loading Program Guide is retained by the system when you turn it off to ensure the fastest possible startup of TV programming.

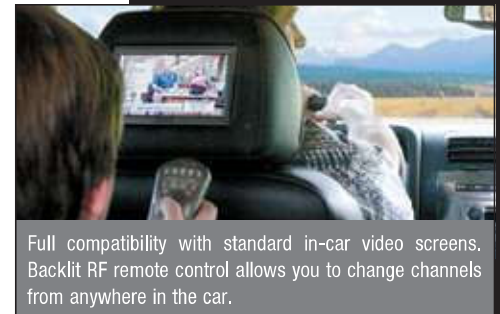

## ■ Highlights:

Versatile system is easy to install on a roof-rack or rooftop with tamper-resistant mounting options. The TracVision's sleek, streamlined design looks great on any vehicle.

KVH's patented hybrid phased-array antenna technology makes the TracVision A7's ultra-low-profile a reality and delivers a crystal-clear picture and outstanding reliability.

Full compatibility with standard in-car video screens. Backlit RF remote control allows you to change channels from anywhere in the car.

**185+**  
channels  
of DIRECTV  
programming

plus your local  
networks!

## ■ KVH - #1 in mobile satellite TV systems

KVH Industries is the world's leading provider of mobile satellite television and communications antenna systems and has been serving mobile customers since 1982. With more than 150,000 mobile satellite antenna systems sold, KVH has supplied more satellite TV systems for mobile applications than any other manufacturer in the world. KVH satellite products are so well received that they have won dozens of awards including awards from General Motors, the Consumer Electronics Association, Design News, Automotive News, and the National Marine Electronics Association.

KVH's commitment to quality can be seen in the company's reliable products as well as an array of options that provide global product support to every customer. Wherever you travel, whatever KVH product you own, you can be certain to receive outstanding support and service through KVH's product and customer support programs. An ISO 9001:2008 certified organization, KVH meets the highest international standards for quality.

\*TracVision A7 provides full in-motion reception of satellite TV signals on open roads with a clear view of DIRECTV satellites in the southern sky in the continental United States. Access to local channels is subject to local availability and satellite accessibility. Local channels are disabled when traveling outside your home DMA.
